Title: a journal

Author: Edmund Dreu

---

\*This appears to be a  
journal kept by the  
owner of this house, two  
entries seem interesting  
to your eyes as you  
skim\*

"Grave robbing didn't  
start as a thrill or any  
sort of sick twisted  
desire. I was hungry,  
starving. Those rich  
people in Vesper don't  
need to be buried with  
so much gold. Their  
graves are ripe for  
plunder. And they dont  
need it anymore anyway!"

"Robbed a grave here in  
moonglow today, when I  
got home there was a  
letter on my bed. Feels  
like I am being watched.  
Gonna sleep with an axe  
under my bed tonight.  
Anyone coming through my  
door is in for a suprise.  
Ill fight back!"
